FERRARI CELEBRITIES COLLECTION

DEAR COLLECTORS,

since I was a child, I've always loved sports cars. The sound, the sight and the smell of a race car is absolutely glorious and, as a Ferrari driver, I can assure that it is really exciting to touch the soul of a Prancing Horse vehicle with your hands. It thrills you with its sound, engine, design, speed. Whether in large or small scale, of course, these extraordinary vehicles represent real perfection and HOT WHEELS ELITE™ models reproduce them in extreme details and enable everybody to experience these feelings. Don't miss the fun of collecting and enjoying them all at home!
