Maisto®

2010 Product Catalog

WWW.MAISTO.COM

INTRODUCTION

Thank-you for previewing a copy of our 2010 Maisto Product Catalog. We appreciate your consideration and interest in our products, and we hope that we continue to meet and exceed your expectations for innovative vehicle products.

2009 was an extremely tenuous year, wrought with financial and business obstacles at every curve. How does a company like Maisto meet the challenges of an ever-changing economy?

- We create a product line larger and more diverse than ever before. New Maisto Tech radio control products, increasing our product total to over 40.
- We create new packaging and 18 brand new assortments in our Fresh Metal line of die-cast toys.
- We create brand new categories such as Fifty-5's to fill voids and create new opportunities on the shelf for our customers.
- We invest and protect our valuable resources, such as undertaking many initiatives to make our company more environmentally responsible – for this we ask you to take a look at www.maisto.com, and click on Green Statement, to see more of what we are doing to protect our environment.

These are but a few of the ways Maisto has answered the bell to tackle the business climate head-on. We are certain that after previewing our 2010 catalog, and staying close for future announcements, you will agree with our approach. We thank you again for your continued support of Maisto, and we wish you much good luck for a prosperous 2010.

ROCK CRAWLER

RADIO CONTROLLED

All-new for 2010 - rock crawling action vehicles

Articulated suspensions, two motors and low gearing make these R/C vehicles perfect for rugged off-road action.

- 12-1/2" long
- Front and rear suspension
- Three motors (2 for driving and 1 for steering)
- Requires 6 AA batteries for the vehicle and 1 9V battery for the controller (batteries not included)
- Tri-channel transmitter so three people can play simultaneously if they have their own Maisto R/C vehicles

NEW

#81152
Full-color window box, Asst.,
Outer: 2 Pcs.

Maisto TECH

BLADE ROVER

RADIO CONTROLLED

Real flying copter launches from the R/C truck

Full-function R/C truck carries a real flying helicopter. Drive to the launch location then press the button on the controller to rev up the chopper blades and watch it take off. The 'copter rises about five feet then flies forward to a gentle landing. A safety ring around the propeller protects the blades from contact.

- Launches copter by radio control
- Approx. 9" long
- Requires 4 AA batteries for the truck and 1 9V battery for the controller (batteries not included)

NEW

#81163
Full-color window box, Asst.,
Outer: 4 Pcs.

Maisto TECH

MONSTER DRIFT R/C

RADIO CONTROLLED

Real drifting action

Slide all four wheels like the big cars. This is the kind of racing where style is more important than speed.

- Approx. 7" long
- For best performance, use on hard smooth surfaces
- Requires 4 AAA batteries for the vehicle and 1 9V battery for the controller (batteries not included)

NEW

LAKYRA

SIDEWAY

#81161
Full-color window box, Asst.,
Outer: 4 Pcs.

Maisto TECH

IR FLYWHEEL REMOTE CONTROL

Zoom off to adventure with remote control motorcycles. Bike runs at slow speed with the direction controlled by the infra-red controller. For higher speed, press the "Turbo" button. A flywheel spinning inside the bike keeps it upright.

- Vehicle has built-in rechargeable batteries
- Vehicle attaches to the controller for recharging
- Requires 4 AA batteries for the controller (not included)

DUCATI

* **#85007**
Full-color clam shell,
Outer: 6 Pcs.

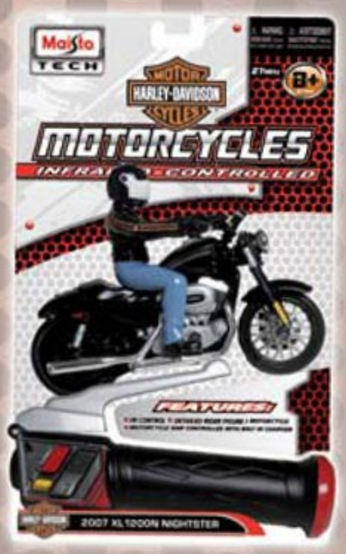
Outer: 6 Pcs.



* 2007 XL 1200N Nightster®
#85005

NEW

* Styles & color are subject to change

Maisto TECH

SHADOW-2X

RADIO CONTROLLED

Narrow like a bike, wide like a car - the Maisto Shadow-2X is the future. In the narrow mode, the 2X can drive through tight places a car could never go. Press the Morph button on the remote and watch the 2X expand to full width as a red strobe on top flashes during the transition. Then the Cyclops headlight on the front glows red and the 2X is ready for more action with the increased stability of the wide-track wheels. For maximum maneuverability it can spin 360 degrees then zoom off in any direction under complete control with the twin-stick controller.

- Nearly 16" long in narrow mode
- Requires 4 AA batteries for the 2X and 1 9V battery for the controller (batteries not included)
- Tri-channel transmitter so three people can play simultaneously if they have their own Maisto R/C vehicles

NEW

#81125
Full-color window box, Asst.,
Outer: 2 Pcs.

MENACE

HAULER WITH X3 SCOUT

RADIO CONTROLLED

The 12-inch-long Menace hauler drives and steers like other R/C toys but there the similarity ends. When you arrive on scene, blast away the bad guys with the disk shooter built in to the front panel. Reload in a hurry by lifting the cab roof and dropping disks in. Flip a switch on the transmitter to power the X3 Scout down the auto-load ramp. The 7-inch-long X3 is a full R/C vehicle with steering and forward-backward control. Scope out the situation then return to the Menace — the ramp raises automatically when you're back on board.

- Meets or exceeds safety regulations for projectile toys
- Controller operates the Menace or the X3 Scout but not both at the same time
- Requires 6 AA batteries for the Menace, 3 AA batteries for the X3 Scout and 1 9V battery for the controller. Batteries are not included.

#81120
Full-color window box, Asst.,
Outer: 2 Pcs.

STREET TROOPERS
MOBILIZED ATTACK VEHICLES

RADIO CONTROLLED PROJECT : 66

Project: 66 was to be the latest in the Street Troopers line of urban defense – a R/C vehicle that can fire at will, either from a stationary or moving position and morph back to vehicle mode undetected. It was a highly classified project until a rogue scientist stole the Project: 66 prototype, and the blueprints for PT–808. The government had already begun top secret production on Project: 66 – and quickly pushed ahead on PT–808. Had anyone else?

New colors on all styles keep the excitement going!

Maisto exclusive HUMMER® H3T™ pick-up promises to be a classic along with the popular HX® Concept. Hot Cadillac® Escalade™ and old school 1964 Chevrolet® pickup are ready for exciting radio control action. Both of them dripping with style, slammed, and with beautiful paint licks. And then you remember, it is an R/C - complete with dashboard hand-controller and equipped with Maisto's Tri-Channel Transmitter - so 3 people can play side by side by side. Requires 4 AA batteries for the vehicle, 9V for the controller, not included.

Popular size and popular price make these winners. New styles and colors!

The designs and execution made the product look like die-cast replicas, but the fast-action full force speed brought home the Radio Control fun. And last year was only the beginning - 2008 we unleash the latest supercar from Lamborghini. All models include the dashboard hand controller with assorted multiple frequencies marked on the package so up to two cars can be driven simultaneously.

- Featuring rims by premiere wheel makers
- 3 "AA" batteries for vehicle & 9V (6F22) battery for controller (not Included)

CYKONS™

URBAN CYCLE ROBOTS

The evolution of the machine has reached a new level.
Mankind has produced what we have all feared...robots that think and feel.
There is only one hope for us... CYKONS. These top-of-the-line robots have been built for extreme battle situations.
With their help we will battle the machines that want to keep us as slaves so we can return to our daily lives.

- Transformable from motorcycle to robot
- Approximately 4" long
- Accessory weapon included
