"MATCHBOX"

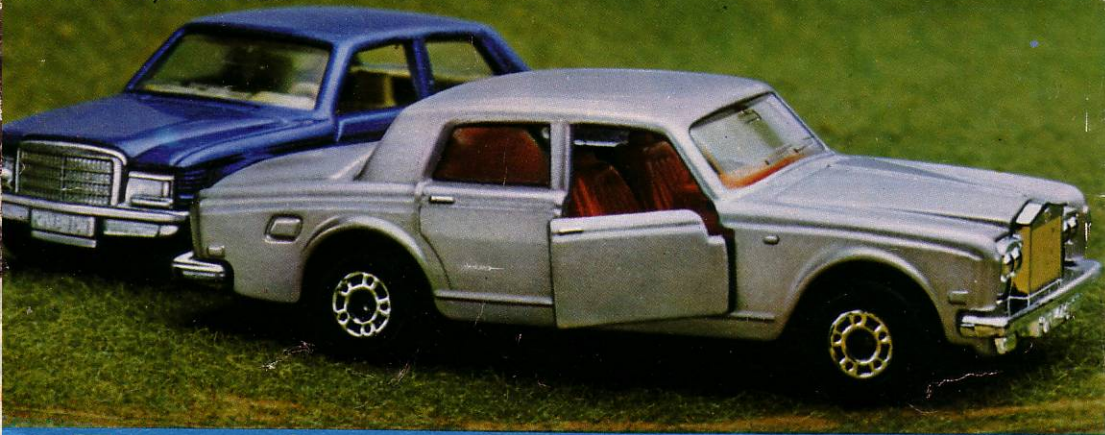

75

"THE NAMES ROLLS-ROYCE AND SILVER SHADOW, THE ROLLS-ROYCE RADIATOR GRILL AND BADGE ARE ROLLS-ROYCE TRADE MARKS USED BY LESNEY UNDER LICENCE."

Realism and excitement are the key notes to the 1980 "MATCHBOX" 75 range of miniature diecast vehicles.

There are trains, trucks, boats and new and authentic cars, all with detailed realistic features, making "MATCHBOX" 75 such fun to play with and collect.

Tick the boxes as you collect them.

Rola-matics

Fast, exciting and fun – these models have actual moving features which operate as the vehicles flash along.

MATCHBOX®

PLAYSETS

"Playsets" are complete play situations, containing models from the "MATCHBOX" Diecast Range, together with detailed buildings, some with moving parts and including a large multi-coloured playmat.

PS-4 Railway Goods Yard

The busy atmosphere of a railway goods yard is recreated with this Playset. There are "MATCHBOX" vehicles, railway track, buildings - some with working parts plus a loadavator and working conveyor belt on which the granulated load can be transferred from road to rail.

PS-4

PS-1 Container Port

Re-create the hustle-bustle of today's modern Container Port. There's a gantry lift, a crane, a container ship, a train, 4 "MATCHBOX" models and 6 containers.

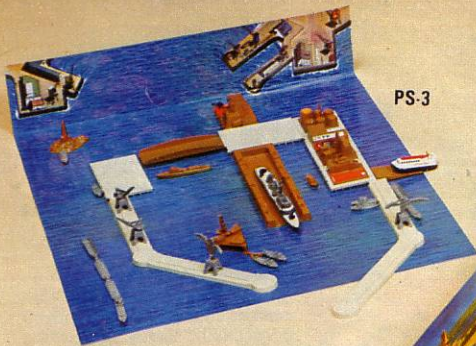

PS-2 Beach Head Assault

Action packed fun, launch the rockets and knock down the ruined buildings. There are two landing craft and 3 "MATCHBOX" 75 military vehicles, fences, hedges and military figures.

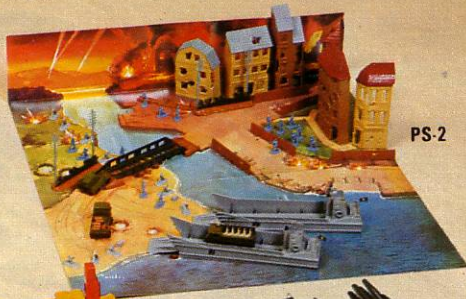

PS-3 Sea Kings Harbour

Design your own Sea Kings Harbour. There are jetties, buildings, cranes, barges, an oil rig, a lighthouse, a "MATCHBOX" 75 hovercraft and Sea Kings frigate.

All playsets come complete with a large multi-colour playmat.

PS-3

PS-2

PS-1

MATCHBOX

PLAY TRACK

Designed for use with "MATCHBOX" 75 vehicles, Playtrack is a versatile construction toy enabling you to design and build a variety of complete play situations. And when play is over you can put the components back in the box and carry them around with you. *Note cars are not included with PL-1, PL-2 and PL-3.*

NEW!

PL-5 Now build your own multi-storey garage with the new Playtrack Construction Set – the easy to assemble, push-fit parts makes it possible to construct a variety of garage styles, each with its own working lift to park your "MATCHBOX" models. To make the scene complete, the set includes a Playtrack roadway, together with traffic signs, plus one "MATCHBOX" vehicle.

PL-5

PL-1 Build yourself a busy Playtrack street scene – there are over 30 interchangeable parts to choose from, including Playtrack roadway, road bends, buildings, trees and figures.

PL-2 More parts – over 50 of them, meaning more fun. Design and build a complete village scene. There is a garage, Playtrack roadway, buildings with crossroads and road signs plus lots of other accessories.

PL-3 This is the big 70 piece set that enables you to build a big town complex. There is a garage, bridge, buildings, Playtrack roadway and car parking areas for your "MATCHBOX" vehicles. Plus of course, the full range of accessories which make Playtrack such fun to own.

"MATCHBOX"

PLAY TRACK

PL-4 You can design your own rail and roadway layouts – there is a station, bridge, train turntable, level crossing gates, locomotive sidings, a farm with animals, road and rail

Playtrack 3 "MATCHBOX" vehicles and a whole range of Playtrack accessories – over 90 parts make Playtrack super fun to play with.

Collectors Carry Cases

Keep your collection of "MATCHBOX" 75 models safe and sound in these super "MATCHBOX" carry cases:
CC-24 - holds 24 "MATCHBOX" Models
CC-48 - holds 48 "MATCHBOX" Models
CC-36 - holds 36 "MATCHBOX" Models
Note - models not included

MATCHBOX

MOTOR RACING SYSTEMS

"MATCHBOX" leads the field in slot and slotless motor racing systems with an extensive range offering unparalleled choice.

Powertrack is a proven slot success with the standard range of sets; PT-2000, PT-3000 and PT-4000 and the unique PT-6000 Race-n-Chase set which has cars

that can "U" turn and jump a topple bridge – and now, a new PT-5000 Indianapolis set is added to the slot range to increase your driving and racing skills. Lanechanger are the slotless sets with front wheel steering and now the cars have working headlights too!

MATCHBOX®

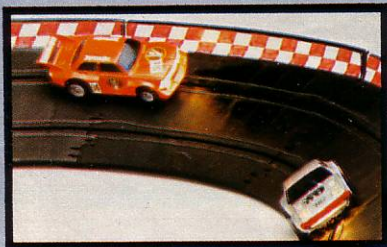

Powertrack

"MATCHBOX" Powertrack Slot-Car Racing is designed to give you a perfect balance between cars, track and controls – that is why it's called "Power Balanced Racing." Powertrack brings you extra features:

Extra performance – from precision built model racing cars

Extra Control – from precise hand controllers

Extra Value – from realism and easy operation.

NEW PT-5000 Powertrack Indianapolis Indianapolis . . . the tough racing circuit with the banked curve, where drivers really have to use all their skill to stay on the track. PT-5000 takes you there and puts you at the controls of a BMW or a TR7, both with working lights, – the fastest cars in the race! Drive through the day and night on a long exhausting circuit using all your skill to control the speed around the banked curve. Powertrack 5000 Indianapolis has 8.5m (28ft) of curved and straight track including the banked curve. Power Pack is included and it's ready to race.

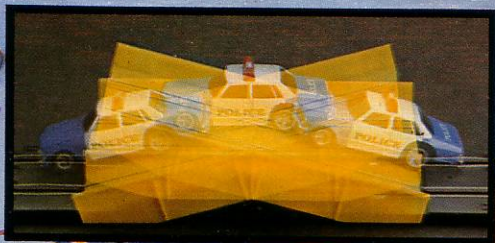

PT-5000

PT-6000 Race-n-Chase

"MATCHBOX" Powertrack Race-n-Chase is the only one of its kind!

* You can actually do "U" turns and reverse your travelling direction, which makes racing and chasing doubly exciting.....

- * And, to add to the thrills, you can use the Topple Bridge to trap the other car and force it to double back on its track!
- * And, the cars have working lights - the warning light on the police car works!
- * Includes 4.3 metres (14 feet) of track and a Power Pack.

"MATCHBOX"

LANECHANGER

Exciting and unique – "MATCHBOX" Lanechanger will steer you to victory because the cars really do steer and change lanes, so you can actually race, overtake or block your race opponent. You can have 24-hour races because all cars now have working headlights! Plus, you can hug the inside of the curves to take the advantage. Lanechanger sets include a Power Pack and are ready to race.

LC-1000 Lanechanger 1000

The ideal way to start racing. Included in the set are two GT racing cars with working headlights, 4.1 metres (13½ft.) of track, two chicanes for real racing excitement, a Power Pack, two hand controllers, crash barriers with racing posters, and track supports. The set can be assembled in several alternative track layouts.

LC-1000

Lanechanger 2000 set (LC-2000) is the long tough race, with 7.6 metres (25ft.) of track, two Super GT racing cars with working headlights – plus three chicanes to provide real excitement.

Also included are Power-Pack, a pair of hand speed controllers, crash barriers with racing posters and track supports. This set can be assembled into many alternate track layouts.

This is the very latest technology – using the microprocessor silicon chip, and a novel method of safe remote control which gives the Sentron vehicles fantastic functioning. – Operate indoors within a 5 metre (16ft.) range. You get all the thrills of real driving control with the Sentron Remote Control Vehicles.

Sentron 9 cars are two, high performance Porsche 928 remote control models, which have nine driving functions. You can drive forward and reverse, left and right, with variable speed control. The cars are for indoor operation only, and no licence is required for them. *(Batteries not included).*

KITS

The range of "MATCHBOX" plastic construction kits provides a large choice for every modeller.

The 1980 range consists of a total of 222 items. Of these, 146 models are in the range of aircraft, ships, armoured fighting vehicles, cars, motorcycles, military vehicles and figures. There will be 18 new subjects introduced during the year.

All "MATCHBOX" kits are designed and moulded in two or more colours so that the younger modeller can build finished models without having to paint them.

The remaining 76 models are the "MATCHBOX"-AMT range of trucks and trailers, classic and modern cars, vans and pickups and the latest "Star Trek" space models. The 68 page 1980 "MATCHBOX"-AMT kit Catalogue contains full details of the ranges.

ASSEMBLY SKILL INDEX

Each kit is identified on the pack by a symbol – the "dot," which indicates the amount of skill and dexterity needed to assemble the model.

● 1 "dot" – SKILL RATING 1

●● 2 "dots" – SKILL RATING 2

●●● 3 "dots" – SKILL RATING 3

●●●● 4 "dots" – SKILL RATING 4

"MATCHBOX"

AIRCRAFT KITS

The wide range of "MATCHBOX's" Aircraft kits encompasses the whole of aviation history from the early pioneering bi-planes to the latest jet fighters and helicopters, as well as larger aircraft including fighters, bombers and sea-planes.

The kits are available in three scales: 1:72, 1:48, and 1:32, within six size ranges: denoted by colour.

"MATCHBOX"

MILITARY KITS

This diorama, of a scene on the North African campaign, is made entirely with 1:76 scale "MATCHBOX" Military Kits. Each kit comes complete with its own battle scene diorama, and figures are available in 1:76 and 1:32 scales.

SHIP KITS

The "MATCHBOX" range of 1:700 scale ships consists of waterline models and are offered in three price/size ranges. These models of famous ships range from the smaller "Narvik" class destroyer to the bigger battleships such as the Bismarck.

Corvette:-

Shown here is the Corvette. In all, this 1:72 scale kit consists of almost 1,000 pieces to assemble, and the made up model is 875mm long.

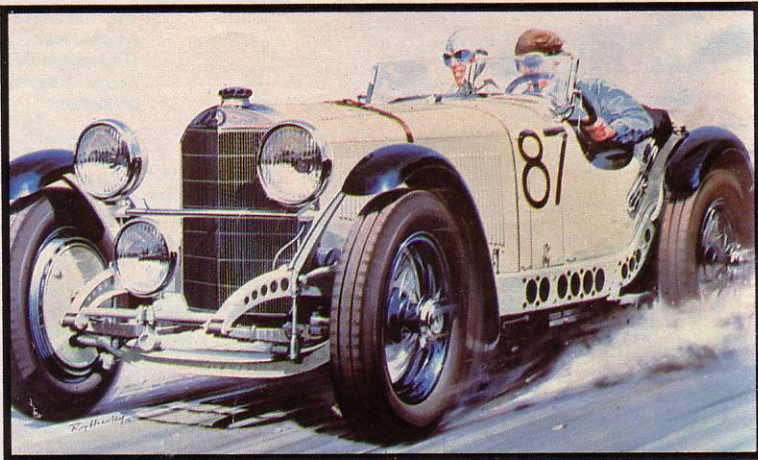

MATCHBOX

MOTORCYCLE KITS

"MATCHBOX" are introducing a new range of 1:12 scale motorcycles, including Barry Sheene's Championship winning Suzuki RG500, together with the Harley Davidson Electra Glide (classic) and the Vincent Black Shadow. The kits include very intricate detail with real rubber tyres and a wealth of metallised parts. The features of the models includes wheels spinning, forks turning and a working stand.

**NEW
RANGE!**

AUTOMOBILE KITS

The 1:32 scale automobiles cover the development of the car from classics like the Mercedes-Benz SSKL to the modern Formula 1 designs. Each kit is an authentically detailed scale model and features metallised components, flexible tyres, and access to the engine.

The "MATCHBOX"-AMT plastic construction kits provide an exciting range of large scale authentic models of action subjects, both classic and modern. This range of 76 kits includes an extensive line of 1:25 and 1:16 cars, and the famous 1937 Cord 812 in 1:12 scale. Many trucks, trailers, utility vehicles, vans and pickups are exclusively available to you from this range, together with kits based on the exciting "Star Trek" theme.

"MATCHBOX" Models of Yesteryear, Lesney, Superfast, "MATCHBOX" Super Kings, Sea Kings, Battle Kings and AMT are the registered Trade Marks (Marca Registrada) of Lesney Products & Co. Ltd., London, England. Powertrack, "MATCHBOX" Playtrack and Sky-Busters are Trade Marks of Lesney Products & Co. Ltd., London.
