CONNECTABLES

CONNECT & COLLECT'EM ALL!

CN-580 Aviation Series

Take to the air with the new Connectables Aviation series. Six styles including planes and helicopters all interconnect with all other Connectables vehicles.

CN-580 Aviation Series

CN-590 Light and Sound

Three new Connectables 4 piece vehicles featuring Light and Sound. Bring your Connectables alive with sirens, engine sounds and flashing lights. The three themes include Military, Fire and N.A.S.A.

CN-590 Light and Sound

CN-500 Connectables 5 Section

Each Connectables 5 section pack comes with one 3 section vehicle and one 2 section vehicle. All are designed to be taken apart and reassembled with parts from other Connectables. The more you collect, the more you can create.

CN-500 Connectables 5 Section

CN-510 Connectables Action Series

Six new Connectables 5 piece vehicles, each with working features including Fire Engine, Construction Truck, TV News Truck and Military Vehicles.

CN-510 Connectables Action Series

CN-100 Micro-Connectables

Connectables in a completely new scale! Twenty-seven 'Micro' Connectable vehicles in total. Six sections per pack.

CN-100 Micro-Connectables

CN-300 Convey Connectables

'Convey' Connectables come in six styles. The only trucks that inter-connect to form a variety of wacky transport vehicles.

CN-300 Convey Connectables

CN-700 Connectables Mini Playsets

Four highly detailed play environments all with working parts. Each 'snap-in' playset folds up, and offers lots of Connectable fun.

Extenders

CN-810 Copter

CN-810 Copter

The Connectable Copter is the ultimate connectable! Five large individual sections each with a selection of play features including opening doors, robotic arm, winch, there is even a Connectable Vehicle Launcher hidden within the tail section. When closed the Copter is an ideal portable Connectable carrycase.

CN-630 Connectables Bucket

CN-630 Connectables Bucket

A giant bucket full of Connectables sections. Items include Themed, Convoy, Micro and Extenders. Bucket doubles as carry case after play.

The Power Bloc sets bring speed and excitement to all your Connectables. Create your vehicle, connect it to the Power Bloc and watch while it hauls them along both forwards and backwards. Flick another switch to activate the crane or winch or both together with the special extender section.

Matchbox Railways

Matchbox Railways are a totally different and exciting new concept in Train sets — Trains that go everywhere! At last, a Train set specifically designed for children between the Pre-school "Toy Train" stage and the older "Hobby Enthusiast". Matchbox Railways are completely portable and as it is battery operated it is also completely safe. The sophisticated layouts include Trains, rolling stock, tunnel, points and buffer, even realistic landscape panels. However the slot together construction means a child can assemble the set and start playing in seconds.

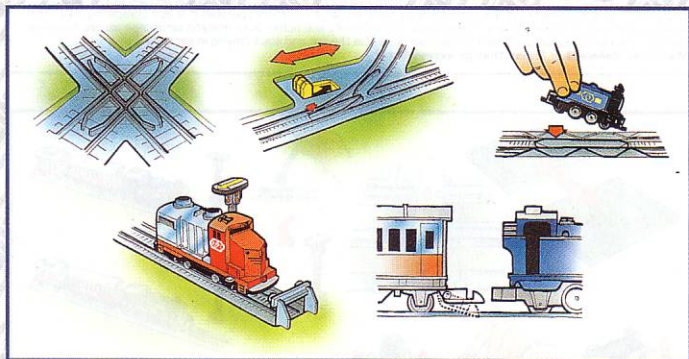

Matchbox Railways — Trains that go everywhere!

TN-50 Big Boxed Set

The Big Boxed Set comes in its own carry case, includes 2 twin track layout panels, two engines with carriage, one truck, a tunnel, 2 signals, 2 track side directors, 2 scenic panels and a buffer. Requires 1 x AA battery for use.

TN-100 Giant Boxed Set

TN-100 Giant Boxed Set

The Giant Boxed Set comes in its own carry/storage case and includes 3 x twin track layout panels (containing over 6 metres of track). It also comes with 2 trains, a "Santa Fe" diesel loco, a tank engine, also a carriage, ore truck and guards van. The giant sets numerous accessories include 3 scenic back panels, 2 signals, 2 track side directors and a twin track tunnel and buffer. Requires 2 x AA batteries for use.
