

what's your model?

2009/10

Motorart manufactures and markets authentically detailed scale models the world over. Development and design of all products and ranges is performed by Motorarts R&D department in close cooperation with the clients own design team. The design and quality of the products reflects the customers brand values with the highest quality with regard to details and finish.

The operations include license production of several well-known international brands. In addition, Motorart also acts as a distributor for other manufacturers. The scale models are individually detailed to suit customer wishes and are available in a choice of three versions:

High-tech Line

– an exclusive series with many authentic details and moving parts.
Made entirely of diecast metal.

Premium Line

– somewhat less detailed, but high quality in every respect.

Motorkidz, the toy line

– attractive and functional series of play-friendly models

Motorart is a trademark owned by Brandon Company AB (www.brandoncompany.com) – which is part of the investment company Vätterledens Invest AB, whose headquarters are in Göteborg, Sweden. Brandon Company AB enables corporations and organizations alike, to communicate and enhance their corporate communication by using products as a media.

The company is one of the European leaders within product media with offices in Sweden, USA, Germany and in Asia (2007/2008). Core business is to offer an outsourcing process to larger corporations who wish to gain full leverage of cost reduction and brand promotion. Key Services are: Branded Corporate Merchandise, Scale models, Design, Supply Chain Management and Action & Experience Marketing.
