2010

Model Catalogue

www.sunstartoys.com

Sun Star has had another successful year in 2009, especially our top of the range 1:12 scale VW Beetle which was a wow to the market. We will continue to create perfection in our 2010 range with the new Morris Mini and Austin Se7en. We also look forward to the VW Samba 2 - a follow-up to the successful launch of T1 Type 2 Samba which was immediately sold out during its release and was voted as "the Miniature Car of the Year" in 2009.

In our Platinum Collection, we proudly present our new 1959 Pontiac Bonneville and Oldsmobile.

In our WRC range, we are pleased to announce the launch of the new model Opel Ascona 400 rally.

Under our Vitesse brand, the 'Back to the Future' series are back! Watch out for the Green Hornet's 'Black Beauty'.

Also watch out for our Sun Star supplement catalogues featuring all the new large scale models which include the 1:24 scale RT buses, Bedford OB coaches; Morris Mini, Volkswagen Beetle and Samba.

Sun Star®

Create for Miniature.

The majority of models photographed in this catalogue are hand-finished prototypes and due to printing process limitations colours may vary. Final factory finished models will be superior.

The right is reserved to improve and amend specifications in colours and materials, and to change or withdraw items in this collection without notice.

5301

1959 MORRIS MINI MINOR SALOON

Old English White

NEW MODEL**Morris Mini Minor**

Limited Edition

621 AOK was the first Mini to be manufactured. The production register shows that Chassis No. MA2S4-101 was a De Luxe Morris assembled over Easter weekend in 1959. Because full production had not started, all components were not yet available from stock which explains why it did not have the correct wheels and other De Luxe features such as chromed trim on the surround of the windscreen and rear window, or on the wheel arches and sills. The model authentically replicates the original 1959 Morris-style seats and interior, "frying-pan" air filter, and chassis with no drain-holes and large floorpans.

5302

1960 AUSTIN SE7EN DE LUXE

Tartan Red

NEW MODEL

Austin Se7en De Luxe

Limited Edition

The key external features of this model are the chromed inserts in the surrounds of the windscreen and rear window, and chromed trim to the rear side windows, sills and wheel arches. It also has the original 1960 "snoop-nosed" air filter, the later chassis with smaller floor pans and drain holes, and the original Austin De Luxe interior, seats and wheel trims.

05

FEATURES

- Super-detailed 1:12 scale
- Tilting front seats
- Opening front side windows
- Removable spare wheel
- Removable tool kits
- Independent suspension
- Functioning door handles and boot handle
- Detailed engine with separate HT leads, fan belt, alternator, starter motor etc
- Removable hub caps
- All four wheels can be changed by unscrewing the 4 nuts
- Positional windscreen wipers
- movable sun visors
- working steering
