Century Dragon Diecast Model Limited is a model car manufacturing and distribution company based in Hong Kong. The formation of Century Dragon is closely linked with the Hong Kong Red Flag Club, a club dedicated to the promotion and preservation of the Chinese made Hongqi (Red Flag) Limousines. Mr. York Wong, our founder as well as Chairman of the Hong Kong Red Flag Club, is very passionate about the automobiles of China, namely the Hongqi Limousines. During his many visits to China, he realized that there is a lack of high quality replicas of these Classic Cars of China. He wanted to create a series of high precision and high quality model cars to showcase the achievements of the automobile industry in China, while at the same time, let the world know about these wonderful Classic Cars of China.

Since our establishment in 2003, we have been creating high precision die cast and resin replica vehicles in our own manufacturing facilities in China. We currently produce our own lines of products under the brand names of Century Dragon and Dorlop. The product line of Century Dragon includes collector grade replicas of Hongqi Limousines, Jiefang Trucks, Changjiang Motorcycles as well as classic cars from other worldwide brands such as Toyota, Jaguar, Land Rover, Alfa Romeo and BMW.
